

Task 4 (A) : Draft a Professional Email

Email 1 — Write an email from a student to their professor requesting an extension on an assignment submission deadline. The email must follow all professional email rules.

Subject:

Extension Request: [Assignment Name] – Sarthak Jindal (Reg No: 25BCE10189)

Body:

Dear Professor [Professor's Name],

I hope you are having a productive week.

I am writing to respectfully request an extension on the deadline for the **[Assignment Name]**, which is currently due on **[Original Date]**.

Unfortunately, due to an unexpected technical difficulty, I have fallen slightly behind my planned schedule. I am very committed to submitting high-quality work that reflects the learning objectives of your course, and a brief extension would allow me to complete the final sections with the necessary depth and accuracy.

Would it be possible to submit my assignment by **[Proposed New Date]** instead? I have already completed the assignment and am working diligently to finish the remaining components.

Thank you for considering my request and for your ongoing support in the **[Course Name]** module.

Best regards,

Sarthak Jindal

VIT Bhopal University

Email 2 — Write an email from a student to an internship coordinator at a company, expressing interest in a summer internship opportunity.

Subject:

Inquiry: Summer Internship Opportunity – Sarthak Jindal (B.Tech CSE)

Body:

Dear [Coordinator's Name/Hiring Manager],

I hope this email finds you well.

My name is Sarthak Jindal, and I am a first-year B.Tech Computer Science and Engineering student at VIT Bhopal University. I am writing to express my strong interest in a summer internship opportunity with [Company Name] within your technical department.

I have been following [Company Name]'s work in AI development, and I am impressed by your commitment to innovation. Currently, I am focused on mastering Python, Data Structures, and the fundamentals of Cloud Computing. I have already begun documenting my technical journey and projects on GitHub and Kaggle to ensure I am building the practical skills necessary for a professional environment.

I am eager to apply my academic knowledge in a real-world setting and contribute to your team's objectives while learning from industry experts. Attached to this email, you will find my current resume for your review.

Thank you for your time and for considering my application. I look forward to the possibility of discussing how I can contribute to [Company Name] this summer.

Best regards,

Sarthak Jindal
